¹ The amount of CAPP funds an energy utility was allocated was based on the results of the CAPP Energy Utility Survey. The allocation is based on energy utility's reported eligible arrearages as a percentage of the total reported statewide eligible arrearages for that utility category.

² The amount of CAPP funds an energy utility applied for and was awarded by CSD. This amount may match the CAPP Allocation, or may vary for reasons such as eligible arrearages decreasing during the period of time between the CAPP Utility Survey and the CAPP Application.
